

The Battle of the Cosmos

Written by The Dark Diamond,
TUN 618, KNB - The Noob-1

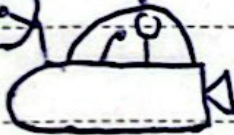

Picked up
a radio
transmission

Entity 3.14, please
acknowledge.

Hello? Are
you from Zeus?
Or Hades?

((la))

Neither.

But I
have
here to
warn
you.

Ok!
You fend
them off!

Make a run for
it!

It is coming ...

5 minutes later.

((p))

TDD, TON's
not responding.
Maybe he's...
dead?

You engage it!

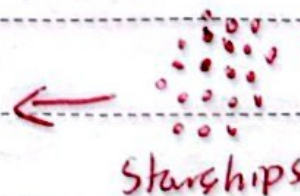

Ship transformed!

> fetch TON.zip @universe  
database.net  
> extract TON.zip /entities/
```

uh oh

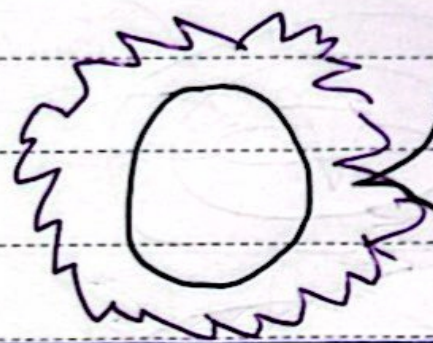

What's that?

Woooo

It's too HOT!

AAA

We did it!

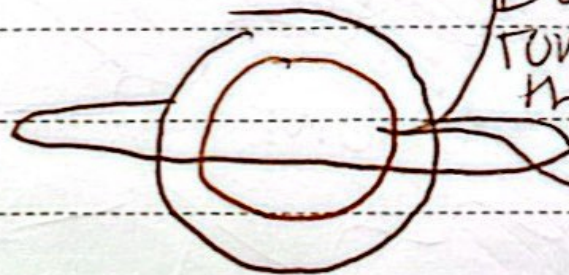

We're back!

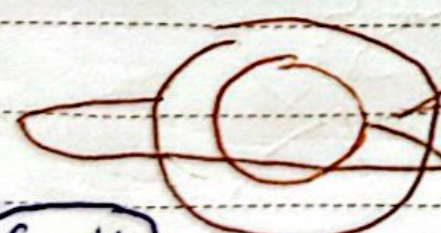

Wait here...

I am now
TOW 618,
the black
hole.

The laser
made me
absorb enough
energy to
transform...

Cool!

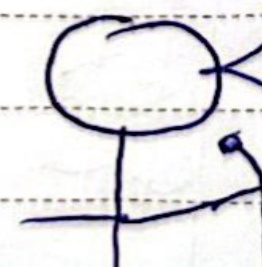

Wait I'm
picking up
something...

Hello?
This is KNB,
come in.

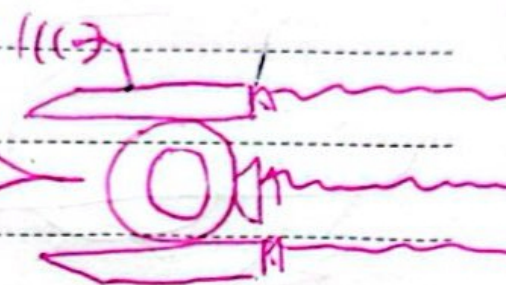

DR. ZEUS??
What are you
doing here?

Corys, Dr.
Zeus is
on his way
here!

Haha
ha!

Prepare...
TO DIE!

Quick, get to
the Dark Star!

On my
way!

Pew!

NOOO!

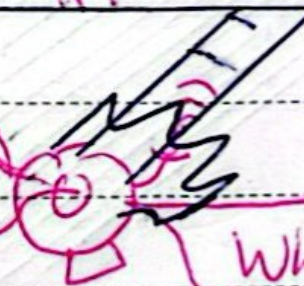

BE
GONE!

HAHA

What?

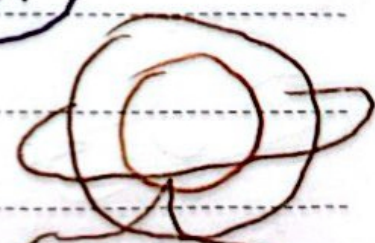

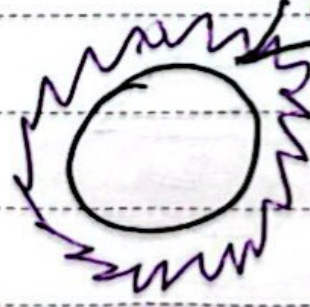

Who's there???

Dr. Zeus, you fool.

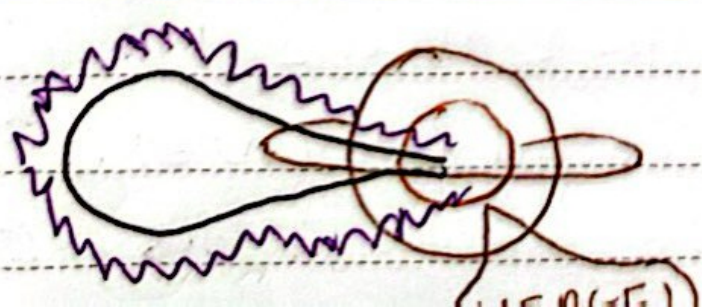

It
was
a decay...

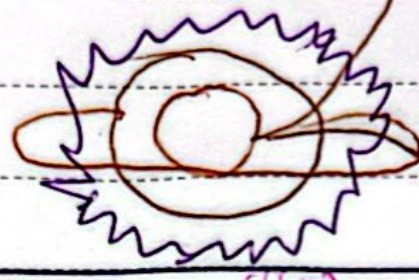

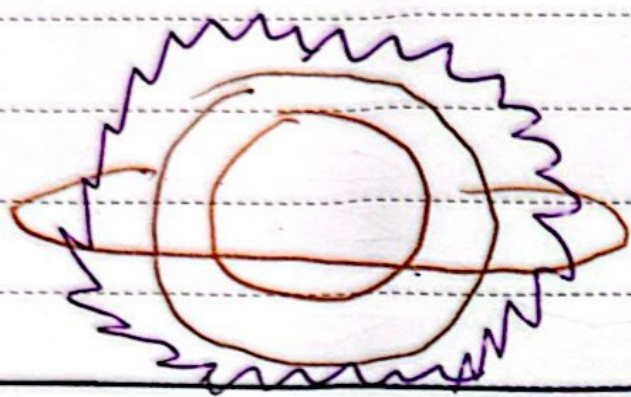

Now!

Here
goes!

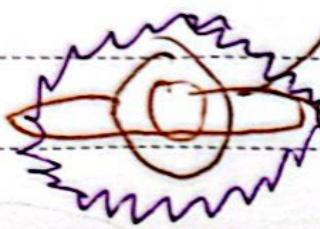

Good bye.

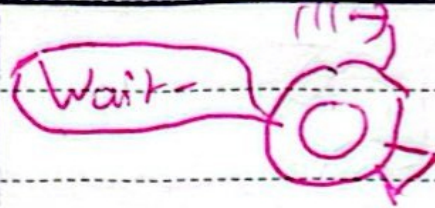

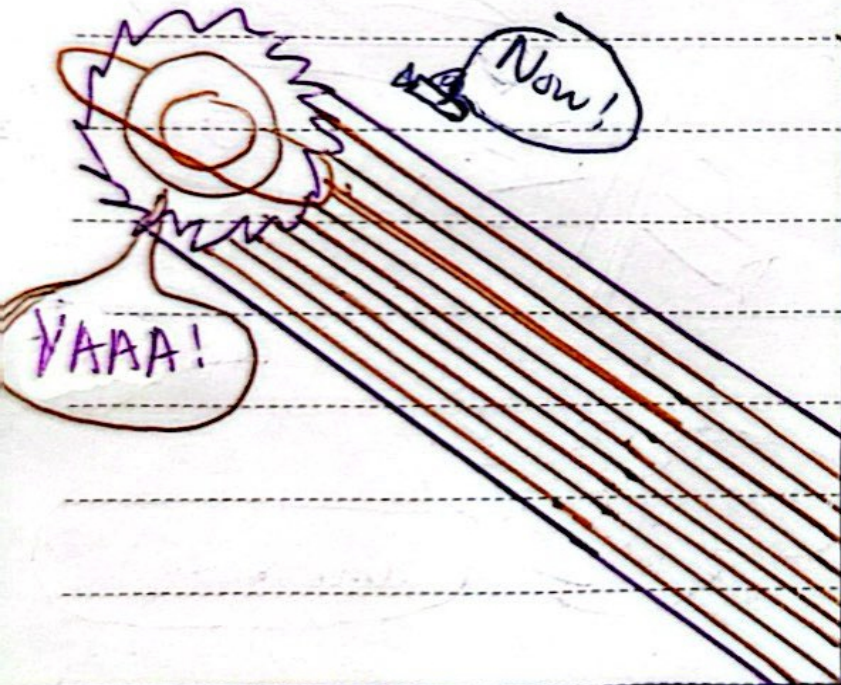

I am one
with the
Darkstar.

Now
penish.

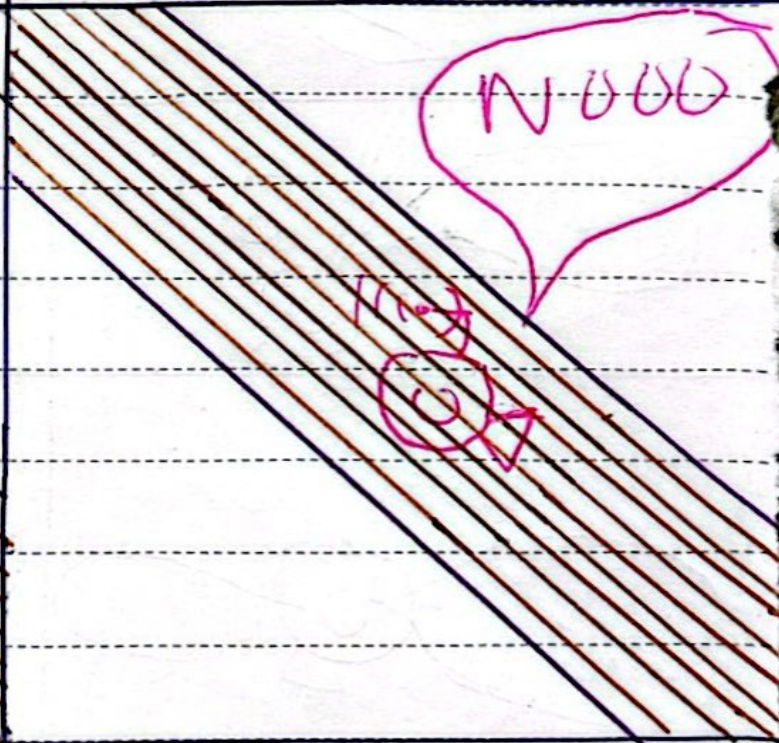

Wait-

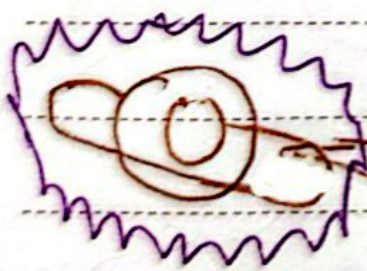

Now!

YAAA!

NOOO

We did it!

Dr. Zeus is
gone!

And with that, the
Randomizers took down
the evil Dr. Zeus.
The End.

Thanks to the Dark Diamond & TOW 618
for absolutely wasting my time with this barge.
